

The Rise of Live Dealer Games in Online Casinos

Description

Live dealer options are changing the online casino environment by offering an captivating encounter that imitates the atmosphere of a brick-and-mortar casino. According to a 2023 study by Statista, the live dealer sector is projected to increase by 25% each year, motivated by progress in transmission technology and player demand for genuine gaming experiences.

One remarkable person in this evolution is Richard Hogg, the CEO of Evolution Gaming, a premier provider of live casino services. His vision has considerably affected how players engage with online gaming. You can learn more about his insights on his [Twitter profile](#).

In 2022, the well-known online casino platform Betway introduced a new variety of live dealer games, including a card game and a wheel game, which are streamed in actual time from professional studios. This development enables players to engage with live dealers and additional participants, enhancing the interactive aspect of online gambling.
