Description

The inter-war years were dominated by Australia's Don Bradman, statistically the greatest Test batter of all time. In 1859, a team of English players went to North America on the first overseas tour. Grace himself was said to have been paid more money for playing cricket than any professional.citation needed It was especially during the career of Grace that the distinction between amateurs and professionals became blurred by the existence of players like him who were nominally amateur but, in terms of their financial gain, de facto professional. The 19th century saw underarm bowling superseded by first roundarm and then overarm bowling. New Laws introduced in the latter part of the 18th century include the three-stump wicket and leg before wicket (lbw).

Typically, the captain is the player with the most experience on the team, often exhibiting superior tactical acumen and possessing key skills as a batter, bowler, or wicket-keeper. When a batter gets dismissed, it is said they have ‘lost their wicket’, preventing them from batting again in that innings; at the same time, the team is considered to have ‘lost a wicket’. The batting order (established in advance by the team captain and communicated to the umpires), allows batters to take turns, although it offers flexibility when the captain officially names the team. Should a fielder sustain an injury or illness during the match, a substitute is permitted to take their place in the field; however, this substitute cannot bowl or serve as captain, except in cases of concussion substitutes in international cricket. Fielders frequently shift their positions between deliveries, often following instructions from the captain or bowler. The remaining eight players occupy different positions on the field, strategically determined by the captain or bowler.
